**MOTION TO ACCEPT SUPPLEMENTAL COMMENTS OF  
BONNEVILLE INTERNATIONAL CORPORATION**

Pursuant to Section 1.46 of the Commission's Rules, Bonneville International Corporation ("Bonneville") hereby requests that the Commission accept the attached Supplemental Comments in the above captioned proceeding. Bonneville has notified the Commission and Calvary Chapel of St. George ("Calvary") of the submission of these Supplemental Comments.

These Comments are being filed to address a new interference showing submitted by Calvary in their Reply Comments on June 25, 2004. The interference showing challenges the technical showing submitted with Bonneville's Comments filed June 10, 2004, that demonstrates the above-referenced community can be served by a noncommercial FM channel, and thus does not require the reservation of a commercial channel for noncommercial purposes. Calvary filed its Reply Comments on the last day for filing reply comments in this proceeding. As such, Bonneville did not have an opportunity to review and address this new technical information.

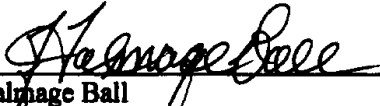

The Commission's review of the instant allotment reservation request will be aided by consideration of the attached Supplemental Comments. As noted in the Supplemental Comments, Calvary in its engineering showing is relying on a petition for rulemaking that is not afforded protection under the Commission's rules and that, in any event, involves a construction permit that expired two years ago. In addition, the Calvary engineering showing does not

consider terrain factors. Acceptance of the attached Bonneville Supplemental Comments will provide the Commission with important information for the record and is therefore in the public interest. Accordingly, Bonneville respectfully requests that the instant motion to accept Supplemental Comments be granted.

Respectfully submitted,

**BONNEVILLE INTERNATIONAL CORPORATION**
